Save 25 or 50 Per Cent.

To induce a greater consumption of our OYAMA UNCOLORED JAPAN TEA which in the past we have sold at 50 cents, we will, until further notice, offer it to you at **40 cents** a pound.

This tea when carefully brewed is of unexcelled quality, and it is a fact that it cups better than many 60 cent brands which to-day are heavily advertised or peddled from house to house.

You get the benefit of the money, the other fellow makes you pay to advertise his goods. See the point? TRY IT.

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

A guarantee of $1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic *substitute* for this world-famed medicine. You *know* what you want. It's his business to *meet that want*. When he urges some *substitute* he's thinking of the larger profit he'll make—not of your welfare.

The Greatest American Two-Cylinder Touring Car Ever Sold

FOR $1550.00

This car is superior, in design and speed, to many of the best two-cylinder cars built in 1904—cars which sold for from $2600 to $3000.

20-H. P. Oldsmobile Touring Car

This is the latest Oldsmobile creation—a 20-H. P. two-cylinder touring car with side entrance. Double opposed motor 5¼ x 6, 90-inch wheel base, noise of exhaust completely eliminated. It combines comfort with speed, hill-climbing ability and plenty of surplus power.

It is roomy and comfortable. Its distributed weight and long spring action permit 5 to 10 miles per hour increased speed over rough country roads with comfort and this ease of spring saves tire expense and general wear and tear.

It is very easily controlled and is quick in action. It runs on high speed up to 40 miles an hour. This machine is very popular in San Francisco as it has the power to take heavy grades on high speed. This space is too limited to give full description; the whole story is told, however, when we say "There is no other $1550.00 machine of its class to equal it." Let us prove this to you.

Don't forget that our French Type Runabout at $999.00 (F. O. B. San Francisco) has no equal. Our Olds Curve Dash ($700.00) is a standard "Office on Wheels"; Our Tonneau ($1,050.00) is a good slow speed family car. Altogether we have twelve types of machines. OLDSMOBILES run the year through and run for years. The wear and tear expense is $1.00 to $5.00 for other makes.

Our WINTON Four-Cylinder Touring Cars have all cars of their class "driven to the tall timber"—4 Models, 16 to 50 H. P. $1950 to $4650

GOOD STREETS IN SIGHT.

City Council Purchases a Steam Roller at Cost of $2650.

The City Council is determined that Redwood City is to have streets second to none, and as an evidence of its intention the council on Monday night purchased the ten and one-half ton steam roller recently received from Pasadena on trial, at a cost of $2650. The machine, which cost originally $3975, has been in use in Pasadena but a short time and is practically new. A written statement was received from Engineer Ed. Sampson of the Frank Tannery to the effect that with a few immaterial exceptions the machine is in first-class condition and practically as good as new. Letters to the same effect were received from the Mayor and Street Superintendent of Pasadena. The machine was purchased on motion of Walker. Foley, Luscher, Littlejohn and Walker voted in the affirmative of the motion, while Chairman Havey voted no.

Bonita Parlor of Native Daughters sent a communication complimenting the board upon its action in having the thistles removed from certain parts of the city, and requesting the board to use its best efforts to preserve the trees in and about Redwood.

Communications were also received from the local Board of Trade, urging the City Council to purchase as soon as possible the chemical engine recommended by Chief Winter; also that the council adopt name-posts for the streets and a system of house numbers; and that a plan of house-wiring be adopted in installing electric lights so as to minimize the danger of fire.

A resolution was adopted declaring the intention of the board to complete the construction of curbing on Mound street where the property owners had failed to comply with the board's order to have such work done. The clerk was directed to publish a call for bids.

A. M. Barnett of Studebaker Brothers, and F. H. Getchell of the Buckley-Henshaw Company, addressed the board on the merits of their street-sweeping machines. The subject was taken under advisement.

GREAT HONOLULU ORCHESTRA

This Famous Orchestra Will Play Here Wednesday Night.

Manager Will Greenbaum who sent the famous Kilties here last season will again send a rare musical treat to Redwood City. This time it will be the famous Honolulu Orchestra and Glee Club. This organization was formed by the late King Kalakau and played at all his royal court affairs. It contains the nine finest native musicians and singers on the Islands. The instruments used are violins, violincello, double bass, flute, two guitars, banjo, ukelele and taro patch, the last two being native string instruments. All of the members are fine singers as well as there is a double quartet, single quartet, and tenor, bass and baritone soloists. The principal instrumental soloists are a saxaphone and flute. The music of the Hawaaiian Islands is wonderfully beautiful and sweet and the jolly hula-hula dances equal our popular ragtime. These artists also play and sing our European music to perfection. A rare treat is promised all who attend this grand concert at the Alhambra Theatre next Wednesday night. The prices are: general admission 50 cents, first ten rows reserved 75 cents, and the gallery 25 cents. Children 25 cents to all parts of the house. Seats ready next Monday morning at the Pioneer Drug Store. This orchestra is world famous for its wonderful dance music and if the audience desire to stay and enjoy a short social dance after the concert Manager Greenbaum will willingly have his men play a few beautiful waltzes and twosteps. The orchestra combines singing and playing in the charming dance music. No one should miss this great event, commencing October 2nd.

Teeodore Taylor of New Almaden, who is expected to arrive in Redwood next week. Mr. and Mrs. Kent will leave shortly, their departure being delayed on account of the illness of Mrs. Kent. The memorable occasion will witness the unveiling of a handsome stone monument, properly inscribed, and speeches will be made and martial selections will be rendered by the band in honor of the event. The orator of the evening will be Max Spoerl, who dedicated the park a few months ago and whose speech on that occasion was brought to the attention of the President.

The visit of Barnum & Bailey's circus to the coast has created a stir among the local equine fraternity, and Monday afternoon the handsome pair of big greys belonging to John Poole gave an extemporaneous exhibition of skill on Main street near the corner of Bridge. Starting from Offermann's store they turned into the narrow driveway between the store and Goldsmith's ice cream parlors. Finding their progress impeded by a formidable tight-board fence they dexterously looped the loop and made a bee-line for the building occupied by the Commercial Bank. With the agility of the trained circus horse they wheeled about at right angles just in time to miss the windows of the bank, but in gathering speed for a spurt down the street toward Chamberlain's they inadvertently collided with Charlie Landscheit's real estate office. By the time they reached Walsh's drug store, however, the novel exhibition was destined to come to an end, for here Joe Winter and Cole Stafford, who had been interested spectators, ran out and stopped the performance. With the exception of a few historic impressions on Landscheit's real estate sign there was no damage.

That W. J. Dingee values the palm as an ornamental tree may be judged from the vast sums of money he is expending in having his beautiful country place at Redwood City set with the plant. During the past month he has had dozens of the finest specimens taken from San Mateo to his country seat. Last week an extra fine tree was drawn to Redwood City. The load weighed 35 tons and required 28 horses to move it. It is expected that the cost of transporting this one tree and putting it in place will reach close to $1,000.

Mrs. Clare of San Mateo extends to the ladies of Redwood a cordial invitation to be present at her Fall Millinery Opening Thursday, Friday and Saturday, September 28, 29 and 80, at her San Mateo millinery parlors. On September 30th she will present to some one of her visitors a magnificent $30 pattern hat entirely free of charge; no conditions attached to the gift whatever, only that of your presence. There will be a display of 300 different styles of trimmed hats ranging in price from $1 to $30, fully one-third cheaper than you can buy elsewhere; and as a special offer for the opening days, railroad fare will be refunded to any one making purchases of amounts from $4 up.

THE "OAKWOOD."

A New Launch to be Christened and Added to the Local Fleet.

That the people of this city, with our increasing population, steady growth and consequent prosperity, are awakening to a realization of the hitherto unappreciated value of our water communication with the Bay of San Francisco is evidenced to the most casual observer who will take the time and trouble to inspect the water front from the store of P. P. Chamberlain to the landing at the end of the deep-water road. The immense quantity of tan-bark being imported by the Frank Tanning Co. and the Beeger tannery; the large amount of material for new buildings now being landed on our wharves and the almost incessant sputter-sputter of the numerous launches on the creek is enough to prove to the oldest resident within our midst that Redwood City has awakened from its Rip Van Winkle slumber and that the channel from here to the bay is a factor which assists largely in our present prosperity and development. The creek is nearly every day dotted with craft of all sizes and descriptions and the fleet is constantly being added to.

One of the most handsome and speedy launches to ply these waters is now nearly completed for Frank Marcus and will be launched about October 7th. The "Oakwood," as the new launch will be christened, is 22 feet 6 inches in length, with a 5-foot 10-inch beam, and will be propelled by an 8-horse power Wolverine gasoline engine. The "Oakwood," after an inspection by the nautical writer of this paper, is pronounced a perfect beauty in model, a boat which will prove very seaworthy and one which will show her heels to the finest gasoline launches on the bay. She was entirely built by Louis Genochio of this city during his spare hours, it being his first attempt in launch construction, and he is certainly to be congratulated on having built one of the finest boats on the bay, which will be not only a credit to its builder but also to the fleet of launches now plying the waters of Redwood creek. The festivities at the laying of the corner-stone of Roosevelt park, it is said, will be placed in the shade of oblivion when the "Oakwood" has her baptism and a large bot of Pomeroy-Sec is crashed against her sturdy bow by (?)

WOODSIDE CHIPS.

WOODSIDE, Sept. 22—John Praeder and family, who have been occupying the Doyle place for the past few days, has moved to Redwood City.

The MacArthur cottage has been rented to Mr. Younger of Los Gatos.

These hot days are good for drying prunes, but bad for the natives.

George Greeley and friend are touring the bay counties in search of better ideas.

A ten-cent social will be given at the Congregational church to-morrow evening.

The dance last Saturday evening was a great success all round.

Miss Lillie Rumbol, one of Redwood's most popular belles, was the guest of Mrs. Thomas Shine during the week.

Ocean Shore Railway Co.

The two suits against Loren Coburn by The Ocean Shore Railroad Company have been dismissed. One was pending in the U. S. District Court and the other in the Superior Court of this county. Yesterday Coburn filed deeds granting a right of way over his property to the Ocean Shore Railway Company. This ends what at first seemed would be a bitter litigation. It is not known what terms were arrived at by the litigants. The railroad company has nearly a complete right of way down the coast. There are a few suits pending but it is thought they will be settled.

Corporation Laws.

Secretary of State C. F. Curry has favored the Times-Gazette with a copy of California Corporation Laws, governing corporations of this State, and for which our thanks are hereby tendered. California Corporation Laws is a carefully compiled volume and will be found invaluable to all kinds of corporations in the State, and it is in fact a book that every business man needs, and in which every business man is interested to a greater or less extent through his daily transaction of business with corporations.

Filed His Contract.

C. E. Loss, who received the contract for constructing the Ocean Shore Railroad, filed his contract in the Recorder's office yesterday. By the terms of the instrument he agrees to construct sixty-seven miles of road down the coast and to commence work in ten days after signing the agreement. He is to complete his contract in twelve months. All work on the road must be done under the supervision of the company's chief engineer.

Applied for Letters.

Annie E. Story has applied in the Superior Court for letters of administration upon the estate of Joseph Story, who died at San Mateo on December, 1904. The estate consists of property at Burlingame valued at $1000 of which there is still due $500 on the purchase price.

Salt Works Suit Compromised.

Yesterday a compromise was effected in the suit of Mrs. R. A. S. Pescia against the Redwood City Salt Company. It is not known what terms were arrived at except that they were agreeable to all parties concerned. The case has been pending in the Superior Court for a long time.

Bromfield, C. E., in August, 1905; and

Whereas, Said G. Howard Thompson did on the sixth day of September, 1905, duly acknowledge said map or plat before James Mason, a notary public in and for the city and county of San Francisco, State of California, and said notary did on said day duly affix thereto his certificate of such acknowledgement in due form of law; and

Whereas, The aforesaid map or plat is now presented to this board for acceptance;

Now therefore, Resolved, That Alejandra avenue, Bonnie Brae avenue and MacBain avenue, as delineated on said map, be, and the same are, hereby accepted on behalf of the public by the Board of Supervisors of the County of San Mateo as dedicated to public use in accordance with an act of the Legislature of the State of California entitled "An Act requiring the recording of maps of cities, towns, additions to cities or towns, or subdivisions of lands into small lots or tracts for the purpose of sale, and providing a penalty for the selling or offering for sale any lots or tracts in cities, towns, additions to cities, towns, subdivisions or additions thereto, before such maps are filed and recorded," approved March 9, 1893, (Statutes of 1893, Chapter LXXX) and as amended by amendment of Section 3 of said act (Statutes of 1901, Chapter CXXIV), and the clerk of this board is directed to endorse acceptance on said map as follows, to-wit:

"Alejandra avenue, MacBain avenue and Bonnie Brae avenue as shown and delineated on this map, are hereby accepted by the Board of Supervisors of the County of San Mateo, on behalf of the public, as dedicated to public use and in accordance with and subject to the terms of a resolution of said board, adopted this 18th day of September, 1905;" and

Resolved, That this resolution is adopted and said map accepted upon and subject to the express condition that the County of San Mateo does not hereby become responsible or liable for any expense, cost or charge as to any of such avenues, or highways, or any thereof, whether as to grading, macadamizing or for any other road purpose, this condition and incurring of any expense, cost or charge being left to the discretion of future Boards of Supervisors, nor shall said Board of Supervisors, or any member thereof, or said County of San Mateo, be liable in damages in any sum or amount arising by or through any defect of any kind of said highways or avenues.

Trustees of the Sanitary District Fix the Tax Rate for the Fiscal Year at 48 Cents.

Patrick Ratigan, a former resident of this place, was here this week on a visit to his friend, James R. Doyle.

The recent Palo Alto fair was a great success. The ladies in charge feel gratified at the result of their work. About $2,000 will be cleared on the bazaar.

E. W. Hopkins, accompanied by his son Samuel, left Tuesday for Boston. The latter will enter a private school and be tutored preparatory to matriculating at Harvard.

It will be good news for sportsmen to know that ducks are coming into the marshes in great numbers. Not for many years has there been so many seen in and around Ravenswood. The season does not open until October 15th.

John Doyle has gone to San Francisco to work on the Felton warehouses that are being built by John MacBain. John will soon be a full-fledged carpenter and in all likelihood will finish his apprenticeship on these buildings.

Mr. and Mrs. Hedger and maid, who have occupied apartments at the Oak Grove Villa all summer will remain during the winter. They are so delighted with the climate and surroundings that they will build a home here next year.

Mrs. Charles K. Harley entertained at a luncheon a number of friends from San Francisco at her elegant home at Fair Oaks Thursday. Mr. and Mrs. Harley will close their home next week and sail for Europe. The function was therefore in the nature of a farewell party.

A. J. Marcus and his son Henry returned from Europe during the week. Mr. Marcus is enjoying splendid health and looks hale and hearty, and appears several years younger than he did when he left. He visited Carlsbad and the bathing there did much to restore his health.

Attorney Walter Linforth has closed his home for the summer and has gone with his family to San Francisco. Mr. Linforth still retains the Fitzgerald residence and will be here at intervals during the winter months. Next year he will erect a handsome building in the Blake tract where he has some choice property.

Mr. Elms, assistant agent at San Jose will in a few days be appointed agent here to succeed E. S. Clute. Mr. Elms was born and raised at Belmont and has been with the company for many years. He secured the position by seniority, being one of the oldest assistants in the Southern Pacific Company's employ.

The Board of Trustees of the Menlo Park Sanitary District met last Friday evening and fixed the tax rate for the fiscal year at 48 cents on the $100. This is a reduction of 2 cents from last year. The total tax rate for Menlo Park this year will be $2.61 on the $100 of assessable property. This includes state, county, high school and sanitary taxes.

Miss Doris Batchelder, only daughter of Mr. and Mrs. George Batchelder, of Fair Oaks, will be united in marriage to Mr. Lewis of San Francisco on October 11th. The groom-to-be is a Stanford man and highly regarded by the faculty. Miss Batchelder is also a student at Stanford. She is a young woman of rare beauty and charming manner and a clever musician.

Martin Walsh, F. P. Roach, and James G. Mason, appraisers of the estate of Maria M. Berner, deceased, have filed their inventory and appraisement in the Superior Court of this county. The entire estate has been valued at $15,800. Notes secured by mortgage are valued at $9,000, lots at Palo Alto $1800, and the home at University Heights at $5,000.

The last will of Ernestine Weingartner was filed for probate this week in the Superior Court of Santa Clara County by her son, Ernest Weingartner. The estate consists of real and personal property, all at Palo Alto, and amounts to over $10,000. All the estate is left to all the children share and share alike. James T. O'Keefe is attorney for the estate.

David Tuttle, chief gardener at the Sacred Heart Convent for some years, has been appointed gardener for J. A. Folger at Woodside. This is a decided recognition of Mr. Tuttle's ability as a skillful gardener, for the Folger place is the most extensive and elaborate in the county, requiring care and skill in its management. Mr. Tuttle has had charge of some of the largest gardens in the country, having learned the business in the East. He is a prominent member of the Menlo Park Horticultural Society; a citizen of sterling worth and a young man who may be depended upon to do things.

J. H. Taylor, father of E. L. Taylor of this place, passed away at his home in Livermore Tuesday after a brief illness. The deceased filled the office of Justice of the Peace of Livermore for the past twenty-five years to the satisfaction of the people and credit to himself. He came to this State in early days and was one of the best known men in Alameda County, taking an active interest in politics. He was beloved by all who knew him. Deceased was 80 years at the time of his death. His death was largely due to the infirmities of old age which came to him peacefully. E. L. Taylor had been at his father's bedside for several days.

P. O. Nelson, coachman for Mrs. Callaghan, met with a serious accident last Tuesday. His horse took fright at a furniture wagon in front of the Linforth home and ran away. The frightened animal ran into the Oak Grove stables. Mr. Nelson was thrown to the ground striking heavily on his head. He was removed to the Oak Grove Villa and Doctors Ross and Ross summoned. They worked over the unconscious man for two hours and finally restored him to consciousness. It was feared his skull had been fractured, but the doctors, after a careful examination, concluded it was not. Mr. Nelson was removed to the German hospital in San Francisco on Thursday. It is thought he will suffer no permanent injuries.

The Hut Among the Pines.

There's a charm in retrospection
And I often take a peep
Between the leaves of memory's book
When others are asleep;
I scan its pages closely
And follow well the lines
In vain to find a dearer spot
Than the hut among the pines.

The wild coyote's yelping,
The night-owl's horrid scream,
The light-house siren's whistle,
The murmur of the stream,
All wake the canyons' echoes
When the sun no longer shines
And darkness gathers quickly
On the hut among the pines.

But with all the weird-like features
That surround this forest home
A welcome is extended
To all who hither roam;
But when Gabriel blows his trumpet
And I pass from earth's confines
I'll hasten by that horrid spot,
The hut among the pines.
